**Cirrus Logic Inc. is a leading manufacturer of advanced integrated circuits for the personal computer, consumer, and industrial markets. The Company's software-rich "Systems in Silicon" add high value to major brands worldwide in applications that span multimedia (graphics, video, audio), communications (enterprise networking and remote data access), and mass storage (magnetic and optical moving media). With a focus on innovative mixed-signal chip solutions that make computing and communicating more natural and exciting, Cirrus Logic is committed to technology leadership in the Interactive Age.**

**Cirrus Logic's broad portfolio of products and technologies enables its customers to differentiate their products and reduce time to market. Founded in 1984, Cirrus Logic completed its initial public offering in 1989. The Company's Common Stock trades on the Nasdaq National Market under the symbol CRUS.**
