

Full Function Arm Cortex-A8 Allwinner A10 Core Board

Product Detail

Basic Info

- Model NO.: WITS Core Board C11 (Ethernet)
- 40*68*2.8 Mm: Piece
- Export Markets: Global

Additional Info

- Trademark: WITS
- Packing: Traditinal Packing
- Standard: Rohs
- Origin: Shenzhen, Guangdong, China
- Production Capacity: 1000PCS/Week

Product Description

Overview

Merrii C11 is a core board based on Allwinner A10 processor which integrated ARM Cortex-A8 running up to 1GHz, which can be applied to Industry Automation, Intelligent Instrument, Network Terminal, etc. With 512MB DDR3 SDRAM and 4GB Nand Flash on board, C11 supports RTC, SD card*2, USB*3, I2C*3 and multi-way GPIO interface.

Hardware Features:

Processor:

Allwinner A10 processor (ARM Cortex-A8), 1GHz
512MB DDR3 SDRAM, 4GB Nand Flash
Compatible with Allwinner A20 dual core processor
RTC extension
