Product Details

Product Specification

Color	Red
Type	Indoor Type
Usage/Application	Outdoor
Model Number	P7.62
Shape	Rectangle

Body Material metal

Brand reolite

Product Description

Product Description

----P7.62 SMD indoor full color LED module

1. CE FCC RoHS UL
2. ISO 9001-2000
3. Guarantee: 2 years
4. Factory since 2004

----Function and Technology characters: For P7.62 SMD indoor full color LED module

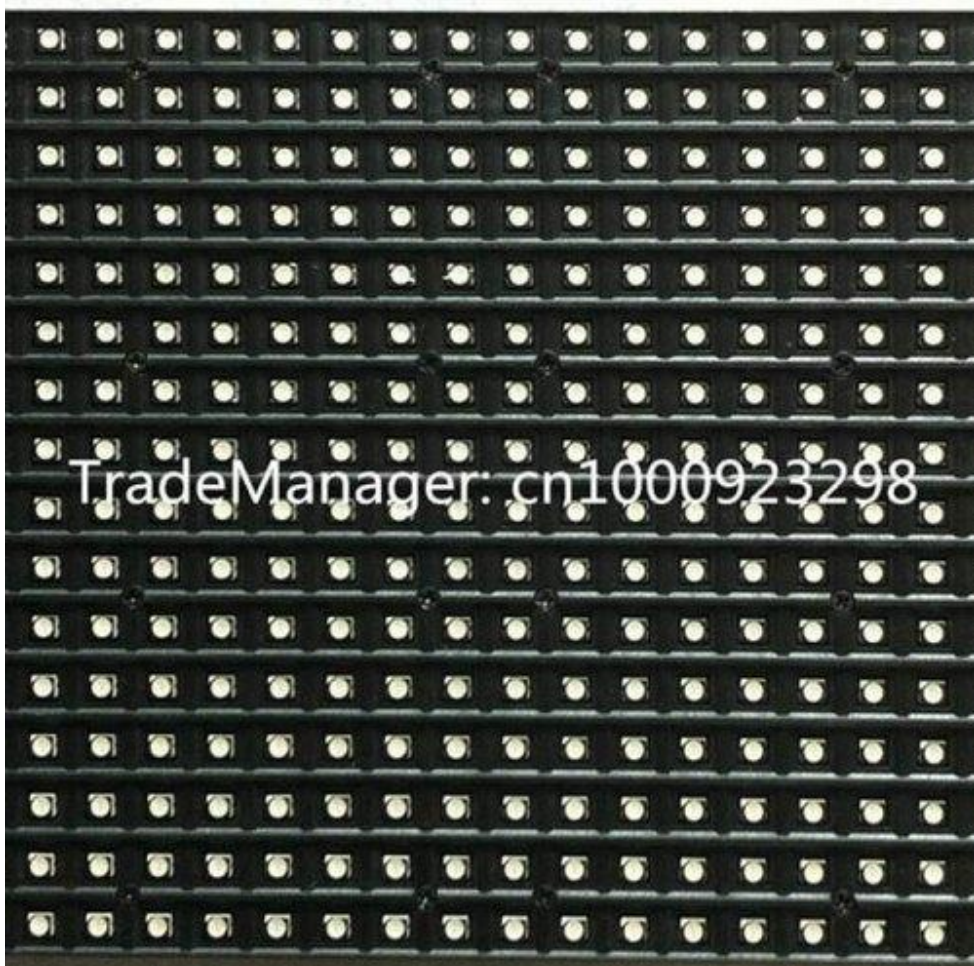

1. SMD 3-in-1 tech, the display provides with high resolution, low power consumption, large viewing angle and long lifespan.
2. Synchronously show all kinds of word, text, graphic, pictures, flashes, video, 2- dimension, 3-dimension cartoon and any other formats with your PC
3. Different signal resources input are acceptable, such as TV, HCTV, S-video, NTSC/PAL, DVI, AVI, VGA, SDI, MOV, MPG, etc.
4. It can be used in advertisement, stage, stadium, exhibition, TV-Show, mansion video wall, shopping mall, banks, schools, bus station, airport, gym, market, factories, monitoring centers, hospitals, bars, stores, etc.

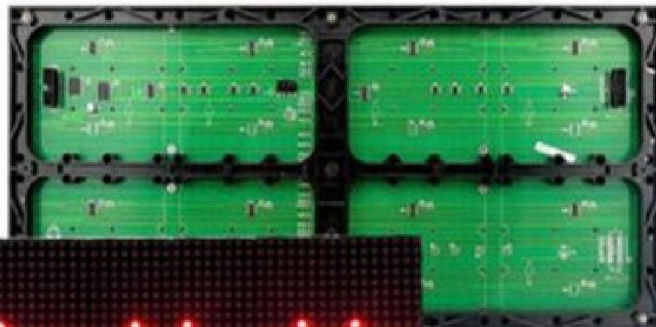

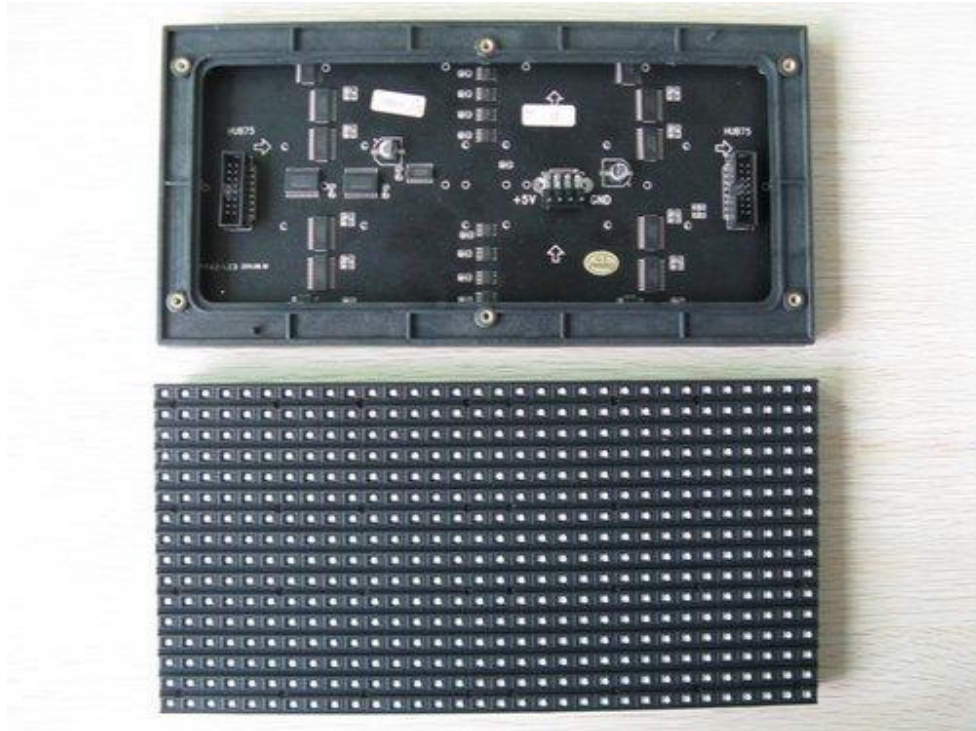

Model No	Jiakexin-I-F-P7.62	Pixel Pitch	7.62 MM
Brightness	1200 NIT	Pixel Density	17222 Dots/SQ. M
LED configuration	1R 1G 1B	LED standard	SMD (3 in 1)
Module Dimension	243.8*121.9 mm	Cabinet Dimension	975.3*975.3mm
Module Resolution	32* 16 pixel	Cabinet Resolution	128*128 pixel
Power Consumption	600 W/SQ/M	Malfunction dot Rate	< 0.0001
Lifespan	100, 000 hours	MTBF	5000 hours
Drive Type	constant current	Function	Video/Graphic/Animation

Additional Information

Delivery Time	7 DAYS
Production Capacity	200
Packaging Details	box
