

6m meters Cat5e Ethernet Cable, GearIt Network Ethernet Patch Cable 20ft - Snagless RJ45 Computer LAN Network Cord 10/100 Modem Router

- High-precision, CAT5e, ANSI/TIA-568-C.2 Compliant, ETL Verified, Ethernet LAN Patch Cable, pre-terminated with Cat 5e RJ45 connectors and available in a wide variety of colors for proper color coding of network connections
- Premium quality category 5 enhanced cable, long-lasting materials, durable design, and a lifetime warranty for the price of a generic cable. ETL verified to ensure maximum reliability and compatibility
- UTP 24AWG stranded conductors for flexibility and minimum crosstalk, 50 micron gold-plated contacts for high-speed data transfer and corrosion resistance, as well as molded, snagless strain relief boots for long lasting, durable connections
- Compatible with Ethernet 10BASE-T, 100BASE-TX(Fast Ethernet), 1000BASE-T (Gigabit Ethernet) and Peer-to-Peer, as well as any other devices that utilize 8C8P networking cables

including Telephony, Home Automation and long distance video transfer technologies like HMDI over Ethernet
