

Uefa rules 18650 battery charger

Model No. : SZH18650-4V2L

Brand Name : SZH

Country of Origin : China

Unit Price : -

Minimum Order : 200 pc

Product Description

18650 lithium battery charger

The input voltage: 100-240V

Output voltage: 4.2 V

Charging current: 0.5 ~ 1A

Charging red light, full of green, constant voltage recharge, the special chip control.

Have the overcharge protection, over-power protection, reverse connect protection,,

Suitable for LED flashlight, batons, digital products of lithium battery.
