

Miniature On-On Slide Switch 6-Pin DPDT

Details

Miniature slide switch with DPDT contacts and solder tag terminals suitable for a wide range of applications.

- DPDT contacts
- On-On action
- Screw holes 19mm apart
- 7mm actuator height
- Dimensions: 24 x 19 x 7.5mm (Length x Height x Width)

Specifications

Switch Operation	On-On
Terminal Type	Solder
Dielectric Strength	1000VAC 1 Minute
Release Force	N/A
Insulation Resistance	500VDC 100M Ω Min
Electrical Life	10,000 Cycles
Contact Resistance	50m Ω Max
Contact Rating	500mA 50VDC
Contact Configuration	DPDT
