

## SD-110 200mW 532nm Single Dot Green Laser Pointer

### Light Sources

Light Source Type : Laser

Light Source Color : Green

Wavelength : 532 nmAesthetic

Color : Black

Material : Aluminum Alloy Electronic Components

Operating Voltage : 2.4-3.0 -voltLasers

Laser Output Power : 200 mWPower & Batteries

Batteries Included : No

Battery Form Factor : AAA

Battery Model (Max) : AAA

Current Draw : 300 mA

Required Battery Count : 2 Package

Package Type : Plain

Package Contents : 1\*Green Laser Pointer Dimensions us | metric

Depth : 13.4 mm

Height : 159 mm

Width : 15.1 mm

Product Weight : 55 gFastTech

SKU : 1597105

DATE LISTED : 1/8/2014Details:Laser safety level: Class 3B

Excitation mode: Optical pump

Working mode: Continuous laser

Working voltage: 2.4-3.0V

Working current: 300mA

Beam range: 500-5000 meters
